23rd EDITION
INDIA SOFT

International ICT Exhibition & Conferences

www.indiasoft.org

27th - 28th March, 2023 | New Delhi, India

India - The Land of Limitless Opportunities

With the aim of Business Beyond Boundaries - Indiasoft 2023 will provide a perfect Networking & Business platform for ICT industry players to experience a world of innovative IT software and services at highly competitive costs; connect with prospective partners; discuss and finalize joint ventures and interact on latest technological breakthroughs that will define the course of the industry over next few years. The forum will also open multiple opportunities for delegates to strike advantageous business deals and sew up long-lasting partnerships in various verticals of Electronics and IT.

Further, India has emerged as a major market for IT products and solutions. A recent study by McKinsey has revealed that the size of the Indian IT Industry is expected to reach the US\$ 300 - 350 billion revenue mark over the next five years. The Government of India has launched various projects as a part of the Digital India Drive, thus opening multiple opportunities for both Global and Indian Electronics and IT players to expand their presence in a growing market.
